

Accessibility Statement for Welshpool High School

Welshpool High School is committed to ensuring digital accessibility for people with disabilities. We are continually striving to improve the user experience for everyone, and applying the relevant accessibility standards.

Conformance status

The Web Content Accessibility Guidelines (WCAG) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA.

Welshpool High School is partially conformant with WCAG 2.1 level AA. Partially conformant means that some parts of the content do not fully conform to the accessibility standard. This is something we are working on improving.
